

Rockin' Rollin' Video Game Party

2024 FAQ and Updates

Quick Intro

We first want to thank you for booking with us, and entrusting us to make your event, or party a huge success. Our GOAL has always been to treat your party or event as if it were our own, and to treat your family and guests as members of our own family. Our main objective is to make sure that you are 100% satisfied and that everything goes well to make the party feel effortless. We try to re-create the LAN Party experience we used to enjoy during our High School and College days! We offer several options for you and your guests to enjoy, however there are rules and expectations that we want to make sure that everyone is made aware of, just in case you may have missed them on the website itself.

VR (Virtual Reality)

Our Virtual Reality Headsets (PSVR and The Oculus Quest) are available at no additional cost to parties booked with us. However, there is an age restriction. Any guest using the headset must be at the age of 12 or older. Even if you are the parent and tell us it is ok for them to use it if they are underage, they still will not be permitted to. This is an Insurance Issue. School and Church events, The VR will not be operational.

Play Games together!

Enjoy the excitement together!

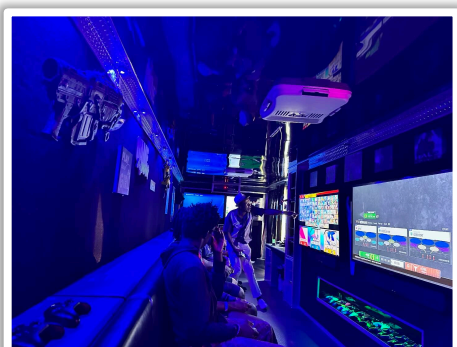

WiFi Hotspot

On board WiFi is available for an additional cost but is not required. Only Games that require online connectivity would it be required. Games such as Roblox and Fortnite require Online. The Hotspot is location dependent, and performance would be at the mercy of the party location.

Food or Drinks

At no time, will kids or teenagers be allowed any food or drinks inside the trailer at any time. Adults who are coming in to check out the trailer or their kids are allowed drinks, but not for their kids to drink or eat from.

Parking

We will always try our best to park in your first designated area, however sometimes that may not always work out. We need a solid ground area to park and have about 50 feet in length for the truck and trailer. Level ground is needed as well, and please make sure your guests are not parking about 5 feet in front of behind the trailer so that we are not boxed in when it is time for us to depart.

Game Selections

We work very hard every month to ensure we have the latest and greatest games that are on the market today. We mainly focus on games that allow 2 players to play locally as opposed to single player games. Games such as Madden or Call of Duty, which you can play together on the same television are what we focus on. Single player experiences we tend to put on a request basis. If there is a particular title you want, please let us know so we can try and have them available.
